APEX CARE GENERAL INSURANCE LTD.

AURA HEALTH ASSURE POLICY (PLAN B) -- POLICY TERMS

SYNTHETIC TEST DOCUMENT NOTICE: THIS IS A STRICTLY FICTIONAL POLICY DOCUMENT GENERATED EXCLUSIVELY FOR LOCAL AUTOMATED TESTING OF THE CLAIMCHECK 2.0 SYSTEM. IT DOES NOT CONSTITUTE A REAL CONTRACT OF INSURANCE, NOR DOES IT REPRESENT ANY REAL ENTITY.

Policy Schedule Summary

Policy Number:	POL-AURA-2026-001	Plan Name:	Aura Health Assure (Plan B)
Named Insured:	Synthetic Insured Person	Sum Insured:	INR 500000
Policy Inception Date:	01-Jan-2026	Policy Expiry Date:	31-Dec-2026
Fictional Underwriter:	Apex Care General Insurance Ltd.	Jurisdiction:	Test Jurisdiction Only

Section 1: Claim Filing and Documentation Requirements

Claims for medical expense reimbursement must adhere to the procedural guidelines, documentary standards, and verification protocols set forth in this section.

Section 1.1 (Mandatory Claim Documents): Every reimbursement claim submitted under this policy must include all three of the following documents: (1) a completed and signed Claim Form, (2) an itemized original Hospital Bill with receipt, and (3) the official Hospital Discharge Summary. If any of these three required documents is missing, the claim shall be considered incomplete and cannot be processed for reimbursement.

Note: Document submissions must be legible and furnished in clear digital or physical copy. Supplemental records such as pharmacy vouchers and diagnostic reports may be requested during claim adjudication but do not substitute for the three primary mandatory documents.

Section 2: Waiting Periods and Accommodation Benefit Limits

This section defines the policy timeframes governing coverage commencement and sets the monetary ceilings applicable to hospital room occupancy.

Section 2.1 (Initial Waiting Period): A mandatory waiting period of 30 days shall apply from the policy inception date. Any hospitalization or medical expenses incurred for treatment of illness during the first 30 days of coverage are strictly excluded from reimbursement, except where hospitalization is necessitated solely by an accidental injury sustained after the policy inception date.

The initial waiting period begins at 00:00 hours on the policy inception date (01-Jan-2026) and terminates at 23:59 hours on the 30th consecutive day following inception. Hospital admissions occurring on or after day 31 are eligible for illness coverage subject to other terms and conditions.

Section 2.2 (Room Rent Daily Limit and Proportional Deduction): The maximum eligible room and boarding expense covered by the insurer is INR 5000 per day of hospitalization. Any room rent charges incurred in excess of INR 5000 per day are non-payable by the insurer and shall be borne entirely by the insured person. If the actual daily room rent exceeds INR 5000, then professional fees and operation theatre charges are payable only in the ratio 5000 / actual daily rate, with the remaining balance of such charges being non-payable.

Proportional Deduction Application: The proportional deduction applies strictly to associated professional fees (such as surgeon, anesthetist, and medical practitioner fees) and operation theatre charges. Other hospital charges such as medicines, diagnostic tests, and consumables are not subject to proportional deduction.

Section 3: Treatment Sub-Limits and Non-Payable Expense Schedule

Specific medical interventions and hospital charge categories are subject to fixed monetary ceilings or statutory exclusions as detailed below.

Section 3.1 (Sub-Limit on Cataract Surgery): Reimbursement for cataract surgery shall be subject to a strict monetary sub-limit of INR 40000 per eye, inclusive of surgeon fees, operating room charges, and intraocular lens costs. Any expenses incurred for cataract surgery in excess of INR 40000 per eye are non-payable by the insurer.

Where bilateral cataract surgery is performed across both eyes during separate surgical sessions or within a single hospitalization, each eye shall be evaluated independently against the INR 40000 monetary sub-limit.

Section 3.2 (Non-Payable Items Schedule): The following non-medical and administrative items are non-payable and strictly excluded from reimbursement: registration fees, admission processing charges, gloves, face masks, sanitizers, thermometer charges, and luxury patient amenity kits.

Hospitals must itemize bill components clearly. Invoiced line items matching any of the aforementioned non-payable items will be disallowed in full from claim settlement computations.

Section 4: General Policy Exclusions and Administrative Provisions

Section 4.1 (Pre-Existing Conditions Exclusion): Any medical condition, ailment, or injury that constitutes a Pre-Existing Condition, as defined under applicable regulations, shall be excluded from coverage until the expiration of the statutory waiting period. Claims arising from or attributable to Pre-Existing Conditions shall not be indemnified.

Section 4.2 (General Definitions): 'Hospital' means any institution established for in-patient care and medical treatment of sickness and injuries, possessing qualified medical staff and nursing services. 'Day Care Treatment' refers to medical treatment or surgical procedures undertaken under general or local anesthesia in a hospital where the patient is discharged within the same calendar day.

Section 4.3 (Claim Submission Procedure): Notice of claim and complete documentary submissions must be provided to the insurer following hospital discharge. The insurer may seek clarification or additional clinical records where appropriate to verify adherence to policy terms.

Section 4.4 (Verification Declarations for ClaimCheck 2.0): This synthetic contract serves as the canonical reference document for local automated extraction, deterministic rule compilation, and ground-truth scenario benchmarking. Documented clauses contain explicit formulas and verifiable terms.

Rule / Section	Target Section	Governing Limit / Requirement	Policy Page
Required Documents	Section 1.1	Claim Form, Hospital Bill, Discharge Summary	Page 1
Initial Waiting Period	Section 2.1	30 Days from Inception (Accident Exempt)	Page 2
Room Rent & Proportional	Section 2.2	INR 5000/day; Proportional 5000/rate on Fees & OT	Page 2

Section 5: Hospitalisation Benefits, Cashless Facility and Disclosure

This section sets the time windows for expenses connected to a hospitalisation, the limits on ambulance charges and total payouts, the conditions for cashless treatment, and the duty to disclose existing medical conditions.

Section 5.1 (Pre-Hospitalisation Expenses): Medical expenses incurred during the 30 days immediately before the date of admission, for the same illness or injury for which the hospitalisation claim is admissible, are payable. Pre-hospitalisation expenses incurred more than 30 days before the date of admission are non-payable.

Section 5.2 (Post-Hospitalisation Expenses): Medical expenses incurred during the 60 days immediately after the date of discharge, for the same illness or injury for which the hospitalisation claim is admissible, are payable. Post-hospitalisation expenses incurred more than 60 days after the date of discharge are non-payable.

Section 5.3 (Ambulance Charges): Road ambulance charges for transfer to the hospital are payable up to a maximum of INR 2000 per hospitalisation. Any ambulance charges in excess of INR 2000 per hospitalisation are non-payable.

Section 5.4 (Sum Insured): The total amount payable for all claims in a policy year shall not exceed the Sum Insured of INR 500000. Any amount claimed in excess of the Sum Insured is non-payable.

Section 5.5 (Cashless Pre-Authorisation): Cashless treatment at a network hospital requires a pre-authorisation request containing both of the following documents: (1) a completed Pre-Authorisation Form and (2) the treating doctor's Cost Estimate. For planned hospitalisation the request must reach the insurer at least 72 hours before admission. For emergency hospitalisation the request must reach the insurer within 24 hours of admission. Cashless approval is limited to amounts payable under this policy; any non-payable amount must be paid by the insured person to the hospital.

Section 5.6 (Disclosure of Existing Conditions): The insured person must declare every existing medical condition in the claim form or pre-authorisation form. Any medical condition found in the medical records that was not declared shall be referred for medical review before the claim is settled.
